Use Policy

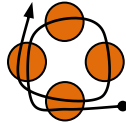

This is a free pattern. Feel free to sell what you make; I only ask that you credit Kassie Shaw and/or The Beading Butterfly in any print or online photograph or listing. Please do not make copies of the pattern, teach the project, or mass produce multiples for sale. Assisting others in making the pattern at no charge is acceptable as long as each person downloads their own copy of the pattern from www.beadingsbutterfly.com. If you wish to teach any of my patterns for profit, please contact me to purchase a teaching license and student patterns. No transfer of copyright is implied or intended.

Instructions

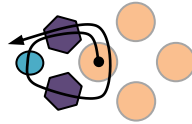

Please note: In the diagrams, the dark beads represent new beads being added during that step. Lighter beads represent beads that have been added in previous steps. The dot on each thread path will be shown on the bead the thread is exiting at the beginning of that step.

I will use direction (left, right, up, down) to explain which beads to pass the needle through, so if you get confused, hold your work so that it matches the diagram.

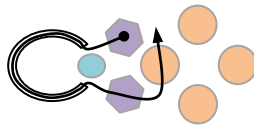

1. String 4 pearls, leaving a 6" tail. Pass through the first 2 pearls again.

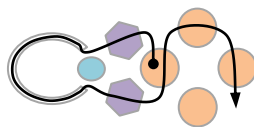

2. Pick up 1 crystal, 1B, and 1 crystal. Pass through the pearl you are exiting and the first crystal.

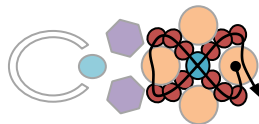

3. Pick up a thread guard and pass through the next crystal and pearl.

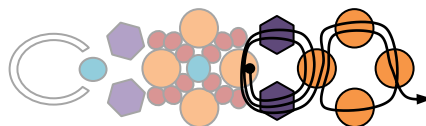

4. Pass through the crystal, thread guard, crystal, and 3 pearls.

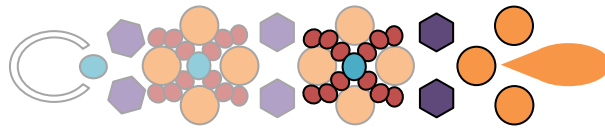

5. Pick up 3A, 1B, and 3A. Cross back over the ring of pearls and down through the pearl opposite the pearl you are exiting. Pick up 3A and pass through the B added. Pick up 3A and pass through the pearl you were exiting at the beginning of this step. Repeat this step on the other side of the pearls.

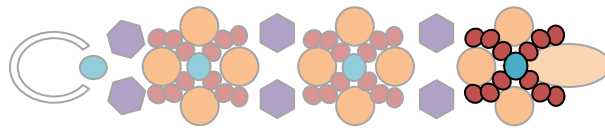

6. Pick up a crystal, a pearl, and a crystal. Pass through the pearl you are exiting. Repeat. Pass through the first crystal and pearl again. Pick up 3 pearls, pass through the first pearl again and through the next 2 pearls.

7. Repeat steps 5 and 6. Instead of 3 pearls at the end of step 6, pick up a pearl, a drop, and a pearl.

8. Repeat step 5 to add the net to both sides of the last segment.

9. Weave in the working and tail threads and trim. Attach an ear wire to the thread guard.
